

The first  
**postindustrial**  
product offering  
from Tensor.

**The new HX geogrid follows extensive years of research and development and is available from Tensor for use in specific application areas.**

Supported by its own **Environmental Product Declaration (EPD)**, Tensor's new H-Series range has been developed specifically to support sustainable product specifications.

As with our other Next Generation products, Tensor HX geogrid can reduce initial and lifecycle costs, reduce construction time, and provide sustainability benefits on a project-by-project basis.

**Tensor+** award winning software allows you to design using Tensor HX. To find out more, visit [tensorplus.com](https://www.tensorplus.com)

**PROVEN  
TECHNOLOGY**

**PROVEN  
SAVINGS**

**PROVEN  
SUCCESS**

Tensor HX geogrid is designed to work well with a broad range of aggregates and granular materials that can offer additional savings through lower cost aggregate options.

Find out more on Tensor solutions and see how we can save you time, cost and carbon on your next project!
